

## GA366-32-72

Single Needle Zigzag Lockstitch Sewing Machine

### Application

This machine adopts link thread take-up, the imported special large shuttle hook and large bobbin capacity offers high efficiency in sewing production. The bobbin winder is on top of the machine head and the presser foot lift can be up to 20mm makes the sewing operation very easy. So it is especially available for sewing various kinds of leather, synthetic leather, canvas and other large workpiece.

# Fraser Sewing Service Canada Ltd.

## Features

- Excellent stitch pattern and constantly tight stitch formation, even when sewing with thick thread in heavy materials.
- Large material clearance under the sewing foot.
- High seam quality by large barrel shuttle hook.
- Puller is available as the option.
